

IBHS MEMBER RESOURCES

Maximizing Your Membership

Your company is a member of the Insurance Institute for Business & Home Safety (IBHS), which means you have access to a wealth of resources about disaster preparedness and recovery, as well as building science research results.

WHY IBHS

Severe weather disrupts lives, displaces families, and drives financial loss. IBHS delivers top-tier science and translates it into action so we can prevent avoidable suffering, strengthen our homes and businesses, inform the insurance industry, and support thriving communities.

IBHS RESEARCH CENTER

In 2010, IBHS opened its unique, state-of-the-art Research Center in South Carolina. This world class facility provides unprecedented opportunities for objective laboratory testing of full-scale, one- and two-story residential and commercial buildings (as well as components used in large commercial facilities) in conditions that mimic extreme weather events. The IBHS Research Center has 105 fans and is capable of producing highly realistic windstorms, wind-driven rain, hailstorms and wildfire ember attacks.

FEATURED PRODUCTS

CONSTRUCTION STANDARDS

IBHS research was used to develop the FORTIFIED Home™ and FORTIFIED Commercial™ construction standards and methods, which help make homes and

businesses more resistant to hurricanes, high winds, hail, and severe thunderstorms.

Members also have access to a database of FORTIFIED homes to verify whether a specific home has achieved a FORTIFIED designation.

BUSINESS PROTECTION TOOLS

Resources designed to help even the smallest businesses focus on planning for any type of business interruption.

EXPERT SERIES: WILDFIRE

Explore the costly truth behind embers and how you can help policyholders prepare during a five-part video series (login required).

PERFORMANCE RATINGS

IBHS has devoted years to field and lab research to develop a new test standard for impact resistance and now offers unprecedented insights into the performance of shingles labeled as impact resistant.

ROOF SHINGLE HAIL IMPACT RATINGS

Manufacturer/Brand	Overall Rating	Dents/Ridges	Tears	Granule Loss
ATLAS StormMaster® Shake	4	3	3	3
Crown Siding TruDefinition® Duration FLEX™	4	3	3	3
CertainTeed® Roofing NorthGate®	4	3	3	3
Timberline® Legacy®	4	3	3	3

Maximizing Your Membership

POLICYHOLDER CONTENT / CO-BRANDING

Members have full rights to co-brand and use IBHS materials online, in print or in any other forms of communication. All policyholder-focused information available at DisasterSafety.org can be used or co-branded by IBHS members.

- Proper attribution should be given to the “Insurance Institute for Business & Home Safety” for the material.
- We request you allow IBHS staff to review content prior to distribution. Content reviews should be sent to Member Relations Director Joy Stokes at jstokes@ibhs.org.

TRAINING AND EDUCATIONAL EVENTS

IBHS offers training events, webinars and meetings where members can learn from IBHS experts. Members can also participate in Disaster Dynamics Academies, where companies come together to learn about topics of interest such as severe convective storms, wildfire and more. IBHS offers annual loss control training focused on identifying and understanding small and mid-sized business risks. Commercial loss control training is also available to individual members at their locations or the IBHS Research Center. IBHS regularly offers presentations and webinars to provide updates about our latest research and programs (recorded sessions are available on the member area of the website).

PRESENTATIONS

Members can invite IBHS to speak to their employees, agents or other key audiences about specific topics of interest.

ACCESS TO EXPERTS (ASK IBHS)

IBHS expertise encompasses engineering, meteorology, fire science, materials science, public policy, analytics, and other areas of continuously advancing building science. We unite these disciplines to understand how weather behaves and how structures respond to severe weather conditions. IBHS experts are available to answer member questions and turn-around time is usually 1 or 2 business days. Members can contact IBHS at info@ibhs.org or our Member Relations Director at jstokes@ibhs.org and we will direct your question to the appropriate team member or expert for reply.

QUESTIONS?

Contact Member Relations Director Joy Stokes at (813) 675-1050 or jstokes@ibhs.org.

IBHS.ORG

REGISTER FOR IBHS.ORG

As an IBHS member, you have access to exclusive members-only research and data, along with opportunities to participate in IBHS events including the Disaster Dynamics Academy series, webinars, and other training sessions.

For full access, simply register on IBHS.org using these instructions.

STEP 1. Visit IBHS.org and click LOGIN at the top right.

STEP 2. Select the option to register as a new user.

A screenshot of the 'Existing Users Log In' form on the IBHS.org website. The form has a title 'Existing Users Log In' and two input fields: 'Username or Email' with the text 'slesser' and 'Password' with a masked password '.....'. Below the fields are a 'Remember Me' checkbox and a blue 'Log In' button. At the bottom, there are two links: 'Forgot password? Click here to reset' and 'New User? Click here to register'.

STEP 3. Fill out the form and click Register.

Note: The registration system will send an activation email and it may get directed to a “junk” folder or through a spam filter.
